in Philadelphia.

Chesbro expressed himself forcibly here regarding the stories that attribute his condition to his use of the "spit-ball."

"Let all the other pitchers believe that if they want to," said Chesbro. "I'm satisfied, but it isn't true that the "spit-ball has done me up or had anything to do with my poor condition." done me up or had anything to so what my poor condition."

Happy Jack says his work was had as the result of a severe coid he caught in his pitching arm on the opening day in New York. In that game he was compelled to continue in the game in a coid rain. Chesbro says his arm and shoulder are now in excellent condition, and that all he wants is a faw days rest to round out in his best shape to, so, at the "spit-ball" once more. Ha declares he will take no edds of any one when he goes in the box again next week.

Lord Brassey's Boat Sighted 817 Public Sittings Stopped After Many Weeks of Investigation.

(From Our Regular Correspondent.)

WASHINGTON, May 23.—The Commitday that there should be no more hearsition to place the rate-making power sion. The committee has been sitting

investigating the subject, and about a hundred men from all parts of the country have been heard. These represented the transportation companies for the most part, but the spokesmen of the shippers were also heard.

The sessions of the committee from now on will be private, while the subject is being further considered, and the report is being formulated. The nature of the conclusions of the committee cannot be accurately foretold, but the leanings of the members of the committee have been pretty accurately indicated have been pretty accurately indicated during the sittings of the committee, and from this a pretty good general idea of the bill which will be reported may be

Interstate Commerce Commission authority to regulate rates. He is also strongly in favor of legislation to regulate the private freight car lines. If the bill which the committee will recommend does not contain either of these features, it is certain that it will have the strongest opposition of the administration and the Democrats. The Democrats will probably report a bill which will, in many essentials, be similar to the Esch-Townsend measure. It will be such a bill as that which would receive the support of the administration, and of the Republican element in favor of rate regulation, as well as of the Democrats of the Senate and House.

Spencer's Statement.

other, which will be filed with the committee. Referring to testimony of the Interstate Commerce Commissioners. Mr. Spencer said that the agreement of the Southern railroads in 1822 was dissolved after the trans-Missouri decision. It was not now in effect in any sense, he added, although there was an association composed of railroad men, who met and discussed affairs, but made no agreement as to division of territory and rates. He referred also to the acquisition of the Mobile and Onio Railroad by the Southern, and asserted that in tuying this road advances in rates were not made in order to pay for the increased capitalization, as had been intimated, He pointed out that the railroads were not advocating regulation of rates by the courts, but maintained that if a question of rates must be passed upon by any tribunal, it should be by the courts, as otherwise the property of the railroads would not be protected.

BAPTIST COUNCIL.

Enthusiastic Meeting Held at Central Neighborhood House.

The Baptist Council of Richmond, Manchester and vicinity held an enthusiastic meeting at the Central Neighborhood House (the old Ballard House) last high. It was the semi-annual meeting, and the enthusiastic reports of the Executive Committee and the superintending secretary. Eay. James Buchannon, and the enthusiastic reports of the ExecutiveCommittee and the superintending secretary, Rev, James Buchannon, and the
discussion following their presentation
were the features of the meeting.
The reports show that the good resuits of the city mission work undertaken last September by the Baptists of
this city have been simply marvelous.
The council now has possession of the
entire Ballard House building, which has
been renovated and improved until it is
thoroughly equipped for the great work
which has been undertaken. The reports
show that the good influence in the immediate vicinity, exerted by the Neighborhood House, has been shown by the
closing of twe salcons and the shutting
up of several disorderly houses.
The Executive Committee recommended
that the Baptist Churches of Richmond
and Manchester make the first Bunday in
June "City Mission Day," that the pastors be requested to take that day to
present the cause to their people, explain to them the good work stready accommilshed, and the possibilities for the
future and to take special collection to
provide a fund of \$1,200 for the immediate enlargement of the work. The
recommendation was enthusiastically
adopted.
